### Fainting Spells

Are peculiar to women. Men rarely faint. Many women are liable to what they term "fainting spells," and this liability is always most marked at the monthly period. This alone is sufficient to connect the "fainting spell" with a deranged or diseased condition of the womanly organs. The use of Doctor Pierce's Favorite Prescription cures irregularity, heals inflammation and ulceration, and stops the drains which weaken the body. It builds up the nervous system, increases the vital powers, and so removes the common causes of faintness in women. There is no alcohol in "Favorite Prescription"; neither does it contain opium, cocaine, nor any other narcotic.

"It gives me much pleasure," writes Miss Ella Sapp, of Jamestown, Guilford Co., N. C., "to thank Dr. Pierce for the great good received from the use of his 'Favorite Prescription' and 'Golden Medical Discovery.' I had suffered for three years or more at monthly periods. It seemed as though I would die with pain in my back and stomach. I could not stand on my feet without fainting. I had given up all hope of ever being cured, when one of my friends insisted upon my trying Dr. Pierce's Favorite Prescription. With but little faith I tried it, and before I had taken half a bottle I felt better, had better appetite and slept better. Now I have taken two bottles of 'Favorite Prescription' and am happy to say I am entirely cured, and all done in two months' time, when all other medicines had failed to do any good."

Keep the liver healthy by using Dr. Pierce's Pleasant Pellets.

## LETTER FROM CULPEPER.

Correspondence of the Alexandria Gazette.

Mitche'll's, May 27.—After reading your leader in the tri-weekly of Wednesday, the 22d inst., I wished it were possible to have the sentiment therein expressed converted into ammunition that I might have the pleasure of shooting a lead of it into several God-forsaken democrats of our particular township—why? Because the negroes and a few low down demagogues, and no account republicans put forward a negro candidate for magistrate and one for constable and the voters supported them to a man and but for the support of a few gentlemen republicans, both of the negroes would have been elected—at the same time there were at least 100 democrats who fled to cast a vote.

The negro candidate for magistrate came within fifteen and the one for constable five votes of being elected over two of the most gentlemen of our worthy township.

I am more than proud of the way the democrats of old Alexandria marched to the music on the 23d.

A week or ten days ago the crops of corn, oats, grass and wheat (especially the latter) looked wondrously promising, but the abnormal fall of water since has worked destruction on every hand and the end is not yet. A great many crops are so overladen with mud, sand and rubbish on the river and creek bottoms that they will have to be plowed under and plauted to corn to remedy it as far as possible the great amount of damage done.

The loud and very rainy weather of the last eight or ten days had to be characteristic of the height of the flat season before the civil war, and the northeast winds, high tides and low temperature of the weather prevailing appeared to be essential to the propagation of the funny tribe—but the season appears to have undergone radical changes in their times of occurrence.

"Highlanders," the home of Mr. T. T. Slaughter, was visited by a considerable fire on day last week. A two story servant's house, detached from the main dwelling being built by Mr. Slaughter, caught fire about noon and was totally destroyed. Workmen and neighbors succeeded in saving the new dwelling. Yours respectfully,

J. R. S.

FOUND LOST VEIN OF GOLD.—Like a Stevenson romance reads the experience of James Witt, a native miner of Dahlonega, Ga., who's working night and day to get a fortune from a rich gold chute which he discovered, before his loss on the El Dorado expires. The mine which Witt is working is the old F. S. S. chute, fourteen years ago accounted the richest mine in the Georgia gold regions. It suddenly disappeared from view, and up to a few weeks ago persistent efforts had failed to locate it. Witt leased the property for a nominal sum on speculation, and had about abandoned hope of making salt on his investment, when, as suddenly as it had vanished, the chute reappeared and Witt began taking out large quantities of the precious metal. The owners in some way learned of his good luck, and absolutely refused to extend his lease. He is working desperately in order to make the most of his opportunity, and is extracting gold at the rate of about \$1,000 per day. His lease expires shortly, but he will then have gained sufficient to enable him to live in luxury the remainder of his days.

THE OPAL SUPERSTITION.—There is one superstition of wide range and influence that is directed against one of the most beautiful objects in nature: the opal. A man in my town failed in business, and what do you think he did? Took his opal ring into the yard and smashed it to pieces with a hammer! He ascribed his bankruptcy to that opal and he intended neither to suffer such misfortune again nor to allow any other one to do so by inheriting or buying that ill-starred property.

One of the most amusing instances of a trust in wrong things is reported from New York, where a man took an opal to a jeweler and asked him to sell it, as he had had nothing but bad luck since he owned it, his business ventures having failed, his children having suffered illness, and the old scratch having been to pay generally. The jeweler found the gem to have been an imitation, because the opal is the stone that has never been passably imitated.—(New Lippincott.)

Dr. Bull's Baby Syrup for soothing babies. Put one bottle, 10 cents. Cures Wind Colic, Diarrhoea, Loss of Sleep, Griping Pains, Sour Stomach, Fever, Cholera, Infants. Dr. Bull's Baby Syrup also promotes the digestion and soothes the baby. Sold by Richard Gibson and all druggists.

To accommodate those who are partial to the use of atomizers in applying liquids into the nasal passages for catarrhs, bronchitis, the proprietors propose Cream Palm in liquid form, which will be known as Ely's Liquid Cream Palm. Price, including the spray tube, 75¢. Sold by druggists or by mail. The tube form embodies the medicinal properties of the solid preparation. Cream Palm is quickly absorbed by the membrane and does not dry up the secretions, but changes them to a natural and healthy character. Ely Brothers, 66 Warren street, New York.

You are much more liable to disease when your liver and bowels do not act properly. Dr. Williams' Little Early Risers remove the cause of disease.

### BUFFALO LITHIA WATER

Spring No. 1.

Nature's Great Specific for Diseases Peculiar to Women.

C. Haled Boydland, A.M., M.D., Paris, Member of the Academy of Medicine, Paris. BUFFALO LITHIA SPRING, "Spring No. 1, is perhaps more than any other water in the world a SPECIFIC for the diseases of the Female Pelvic organs. Both Springs No. 1 and 2 regulate the monthly function in much the same manner that digitalis regulates Cardiac Action."

Dr. William T. Howard, Professor of Diseases of Women and Children in the University of Maryland, referring to Spring No. 1, gives to this water high commendation: "In all the affections Peculiar to Women that are remediable at all by mineral waters," and adds the following: "If I were called upon to state from what mineral waters I have seen the greatest and most unmistakable amount of good accrue, in the largest number of cases, in a general way, I would unhesitatingly say, the BUFFALO LITHIA SPRINGS."

Dr. John H. Tucker, Henderson, N. C., President of the Medical Society of North Carolina, referring to Spring No. 1, says: "In many of the diseases Peculiar to Women—Irrregularities, Suppression, and the many FUNCTIONAL DERANGEMENTS resulting from CHLORO-ANEMIC CONDITIONS—I PRESCRIBE THIS WATER WITH ALMOST THE SAME CONFIDENCE THAT I DO QUININE IN CHILLS AND FEVER."

Dr. John Herbert Claiborne, Esq., President of the Medical Society of Virginia, Petersburg, Va., referring to Spring No. 1, says: "This water was used during my earliest recollection of it for diseases Peculiar to Women, and its restorative power, justly, in my opinion, was considered marvelous."

Dr. William B. Towles, Formerly Professor of Materia Medica and Therapeutics, University of Virginia, referring to Spring No. 1: "In Monthly Irregularities, notably in Suppression in young women, Spring No. 1, in my experience, has shown special and happy adaptation. I have witnessed some very remarkable results from its use in this class of cases where the most approved treatment of the profession had proved unavailing."

Dr. Goodrich A. Wilson, Somerset, N. C., Member Medical Society of North Carolina, referring to Spring No. 1: "But I feel that I should be doing but meagre justice to the merits of the Buffalo Waters if I failed to refer to their great Prophylactic VIRTUES. Hundreds of young Females attain the age of puberty without realizing the healthful performance of their great function. They become Nervous, Hysterical, Chlorotic. In all such cases the best results may be anticipated from the use of these waters."

The late Dr. O. F. Manson, of Richmond, Va., formerly Professor of General Pathology and Physiology in the Medical College of Virginia, referring to Spring No. 1: "I have observed marked sanative effects from BUFFALO WATER, Spring No. 1, in some affections of women—Hysteria, Anæmia, Hypochondriasis, Cardiac Palpitations, etc."

Dr. T. P. Jerman, Ridgeway, N. C., Member Medical Society of North Carolina, referring to Spring No. 1, says: "I have witnessed decided beneficial results from BUFFALO LITHIA WATER gorgement and Ulceration accompanied by serious constitutional disturbances; and in cases of this character, where there is no organic lesion, I regard it as almost a specific."

BUFFALO LITHIA WATER is for sale by Grocers and Druggists generally.

Testimonials which defy all imputation or questions sent to any address.

### Dyspepsia Cure

A powerful engine can't be run with a weak boiler; and you can't expect to keep up the wear and strain of an active life with a weak stomach. Our boilers, or rather our stomachs, can't be replaced, and we cannot stop the human machinery while making repairs. But when the stomach is unable to digest enough food to keep the body strong, we can use such a preparation as Kodol Dyspepsia Cure. It digests what you eat, so that you can eat all the good food you want, without any distress after eating.

"After forty years of suffering from indigestion, a few bottles of Kodol Dyspepsia Cure cured me."—Amel Bell, Fredonia, Pa.

It can't help but do you good

Prepared by E. C. DeWitt & Co., Chicago. The fl. bottle contains 24 times the 50c. size.
